Report of the Activity

Academic Year	2014 - 2015
Name of the Activity	Awareness Program on Waste Decomposition
Date of the Activity	09.09.2014
Organizing Unit/ Agency/ Collaborating Agency	KIOT - Green Club
About the Activity	<p>This program created awareness on Waste Decomposition. Actually Waste management is the precise name for the collection, transportation, disposal or recycling and monitoring of waste. This term is assigned to the material, waste material that is produced through human being activity. This material is managed to avoid its adverse effect over human health and environment. From this program the students have taught the Causes of Improper Waste Disposal. The students also learnt about the types of wastes like liquid waste, solid rubbish, organic waste, recyclable rubbish and hazardous waste. The resource person enlightens the problems associated with the waste disposal such as Badly-managed landfill sites may attract vermin or cause litter; Incinerating waste also causes problems, because plastics tend to produce toxic substances, such as dioxins, when they are burnt.</p>
